

### **3P CREDBO (Cross, Edison & Bowie)**

- Having artistic intuitions by their nature, their song choices may be slightly uncommon, but never to be diminished.
- There are still English wedding songs & Mandopop aplenty.
- With two guitarists in the group, Edison on rhythms and Bowie on lead, who is also a music arranger and a specialist in guitar-works, you can expect some interesting song arrangements in a milder approach of intensity based on their vocal stylings.
- While Edison is able to do both English and Mandarin in his emcee hosting, Cross would assume the role of playing the BGM alongside his hosting.
