

## **Damien 35-minute Cocktail**

- This package is a pre-event cocktail session music entertainer.
- This package comes with another separate set of PA system because the cocktail area is usually situated outside the event hall.
- Upon guest arrival, before entering the hall, people would mingle around without music atmosphere (unless the venue sets up a PA system just for CD music).
- It is a moment where your guests will be waiting and anticipating for the event to begin. Typically, guests may arrive as early as 1 hour prior to the event opening.
- Served with cocktails and light drinks, this package of having Damien to sing some songs will help to stir up the mood in a lighthearted manner and it shall warm up your guests before the opening of your event/wedding.
- If you want your guests to have a good first impression on your event/wedding, this solo performing act is going to give your audience just that; a simple performance, either with soothing songs or some popular songs to kickstart their mood pleasantly and to make them feel like partying throughout.
