

4P JJB (Jingle & the JazzBoys)

- This is the classic band line-up in Wedding in Charlie since 2017
- Adding Moses, the keyboardist, as the 4th musician onto their 3P JJB line-up solidifies their flexibility of having almost any music genre under their belt
- Not to be confused by the idea of only ‘jazz’ just because of the name ‘JazzBoys’; they actually do quite a number of pop and ballads
- They actually bring a well-rounded performance with some cool improvisations and own renditions when performing upbeat songs from their repertoire
