

4P CREDBO-KE (Cross, Edison, Bowie & Kenny)

- Having less sometimes means more, and that would be the case for CREDBO as they usually gig in a trio setup most of the time.
- However, if you are a fan of upbeat music, groovier tunes, you certainly would not want to miss out the inclusion of Kenny, a playful bassist with lots of licks and grooves in him.
- In this addition, the sub-woofers and speakers are also included to accommodate the sounds from the bass guitar.
- This 4P line-up and system package is meant to cover (contain) a larger crowd (of more noise apparent), keeping the music exciting.
